#### **4(1)(b)(i) The particulars of Govt. of India Press, N.I.T. Faridabad, functions and duties :**

Government of India Press, Faridabad.—The location of the Press in the Industrial Area, New Township, Faridabad at a distance of about 32 kms from Delhi was specially selected for helping the displaced persons of West Punjab. It was started in the year 1956 as very small unit to cope with the ever-increasing work of the Publication Division of the Ministry of Information and broadcasting. The original intention was to shift the Government of India Press, Shimla to this place but the above move could not materialise due to alround pressure of printing work from expanding Ministries. Another big press was essentially required to cope with the increased volume of work. Thus this press came into being. The establishment of nucleus production unit of this press in 1956 is one of the most outstanding achievements during the Second Five Year Plan and since then this Press has grown up immensely. Like Nashik it is also a modern type Press equipped with Process Department, latest type of machinery for production of prestigious publications and publicity work of high quality books, pamphlets, etc. for the dissemination of educational and instructive literature in connection with development and welfare activities profusely illustrated in multicolour for publicity and propaganda purposes of government of India. This Press had also been called upon to manage the work of the National Book Trust in various regional languages. The United Press was amalgamated with this Press with effect from 1st March, 1959. The Press has been partially modernised by introduction of offset Machines and Phototype Setting equipments. Government of India Photolitho Press Faridabad was set up in the year 1976 to cope up with the increased demand of printing of the Govt of India and to improve the quality of printing. This was exclusively Meant for augmentation of the Hindi Printing Capacity. As per Cabinet Decision of merger/modernisation of Government of India Presses, Photolitho Press has been merged with Government of India Press Faridabad wef 1.10.2003.

The printing jobs are allocated to this press by Directorate of Printing, New Delhi with due consideration to the nature of jobs to be printed, size of machines and other infrastructural supports available with the Press. The general policy in the matter of discharging the functions is the disposal of work/jobs as per delivery schedule desired by the Indentor. To achieve this target, the jobs are prioritized and processed. Although individual outputs are fixed for the operative hands, working in pre-printing, printing and post-printing branches, such outputs always do not help to complete the jobs in hand as per the delivery schedule fixed due to various unforeseen administrative reasons.
